PLATFORM.

The Republican party of

Sedgwick county respectfully

and briefly states its convictions

upon the questions of

public interest.

It has full confidence in the

integrity, statesmanship and

high purposes of WILLIAM

MCKINLEY, president of the

United States. It is our belief

that his administration

has added to the renown and

stability of Republican institutions

and forms of government

at home and abroad; that

its influence marks the

beginning of a new era in

which humanity has been

advanced to a higher plane, at

home and in the nations of

the world; that his administration

has restored national

prosperity, and we agree with

the words of the great Democratic

New York World, "it is

a good time in a good country,"

that it has placed the

country where of right it

properly belongs—the leader

among the powers of the

world.

That the administration of

the affairs of this state, now

in the hands of the Republican

party, with a citizen of

our own county, the Hon. W.

E. Stanley, as chief executive,

is capable, clean, deserving

of, and does, receive our most

cordial endorsement.

With intense satisfaction

we commend the glorious record

made by our army and

navy and the unexampled

gallantry of General Funston

and our Kansas volunteers in

the Philippine campaign.

It is our deliberate conviction

that when on that May

morning a year ago Dewey

sailed to Manila bay and

won the greatest naval victory

of modern times, the

American flag was, in accordance

with the laws of every

civilized nation, and in accordance

ment there, is loyalty; to oppose it is disloyalty. We condemn and denounce the unpatriotic and un-American utterances of all who are giving encouragement to the Filipinos in their resistance to the American flag. Never yet has the old flag retreated before any armed foe, and wherever raised there it must stay.

The aggregation in this county known as the Fusion party is neither moved by, nor in possession of, a conviction or moral principle. It has abandoned every issue which brought it into life save the greed for office, and it now seeks by having its platform of treason adopted by the people of this county to bring the fair name and fame of Sedgwick county into disrepute and to disgrace the name of the gallant soldier which it bears.

We are opposed to aggregated capital, whether organized in the form of trusts, corporations or otherwise for the purpose of controlling the industrial affairs of the people, and we demand of our party in this state and in the nation such legislation which will at all times be for the best interests of all the people. That it is our conviction that every great question in which the people of this country have been interested has been in the past and will be in the future, settled in the interest of the people, by that genius of justice and right which prevails in and which brought the Republican party into existence; that it has the ability and integrity to properly settle and adjust the relations of capital and labor in the interest of the people.

ADDITIONAL CITY NEWS

SOLDIERS' TENTS ARE DOWN

And the Reason Is Rated—Registration by States.

The tents in South Riverside were taken down yesterday and the old soldiers who visited the reunion have left the city, after having had a delightful time with old comrades.

It goes without saying that the reunion held this week in Riverside park has been a splendid success. From start to finish, from Tuesday to Friday night inclusive, there has been the same program per day, the afternoon and evening occupying from three to four hours each, and such variety of addresses, recitations, vocal and instrumental music, pantomimes, etc., cause one to wonder and admire. It looks like one would require a month to arrange and prepare for such a continuous feast of intellectual entertainment, when the fact is most of the exercises were made up in a single day and less. No better evidence could be given of the fine talent Wichita possesses and in all the selections and exercises, not a single failure or aton in the entertainment. Sometimes a slight delay owing to tardiness on the part of some speaker or other factor in the program taxed the president and made him look a little pale, yet he gathered himself together like life depended on the result and brought every part and rendition right up to the wire.

Another noticeable feature was the order and quiet of the camp. The camp managers cannot be praised too highly. The police was ever on the alert, nothing was disarranged, lost or stolen and not an arrest was made. It is a moderate estimate to say that at all the exercises, excepting the campfires in the morning, not less than 2,000 were present and often as high as 3,000. This reunion, with all its work and responsibility, was done by a few men. Many who took no interest in making the reunion a success took advantage of its pleasure and made the camp their home and enjoyed the fruits of others' labors and the management was glad to see them do so, and let them enjoy all the privileges without demur. This is characteristic in all avenues of life. Like the hives of the bees, drones enjoying the honey and sweets gathered and stored by their tireless, industrious neighbors and companions. The officers of the association, as soon as a visitor showed himself in camp, invited him to its privileges and made him acquainted with comrades, introduced him into the headquarters of the Ladies of the G. A. R. or the Women's Relief Corps and made at home. One lady from abroad said: "Why, I never saw anything like it, and everything so complete and enjoyable. What a splendid set of people you have here. I would love to live in Wichita."

Two ladies conversing in the big tent while preparations were being made for the exercises, one said to the other: "Did you notice that the same attention, respect and cordiality is shown to all alike. The governor is shown the same, no more, attention or honor than is shown the other—preachers, lawyers, students, girls, boys, black and white, the same—how nice to see it." One gentleman from an adjoining county remarked to the president: "If your Street Fair is as much of a success as your reunion, Wichita will have one of the biggest tents in her history."

Governor Stanley was pleased with the

large number of old soldiers present and

wrote to President Burgess as follows:

"My Dear Captain—The crowd I talked

to had a larger proportion of old soldiers

than any reunion I have attended. I want

to say this in compliment of the old soldiers.

If they take this reunion as a

starter they ought to have one at Wichita

that will soon rival that at Baxter

Spring. Yours, W. E. STANLEY."

Following is the registration by states

of old soldiers who attended the reunion,

as reported by J. R. H. King:

Illinois, 206; Indiana, 128; Ohio, 118; Iowa,

48; Pennsylvania, 26; Missouri, 34; Kan-

sas, 22; New York, 22; Wisconsin, 20; West

Virginia, 14; Kentucky, 12; Michigan, 11;

U. S. G. T., 11; regulars, 10; Massachusetts, 3; U. S. navy, 3; 21st

war, 3; New Jersey, 2; California, 1; Col-

orado, 1; Tennessee, 1; Maryland, 1; Con-

necticut, 27 miscellaneous, 17.

Wichita is about to have an opportu-

nity of hearing one of the best, if not the

best lyrio organizations which has ever

charmed the music lovers of the west.

The Lombardi Italian Grand Opera com-

pany for the past six months has pre-

sented grand opera in all its forms, with

a complete equipment. In the City of

Mexico, on the Pacific coast, in Den-

ver and the smaller places en route. They

are to be heard at the Crawford theater,

Monday and Tuesday, October 2nd and

3d, if a sufficient guarantee is secured.

The glorious voices that are numbered

not only the attention but the enthu-

siasm, wherever they have appeared, of

all who have the pretension of caring for

art, have been prepared by the modern

and extraordinary methods of advertis-

ing, none of their names are household

words with us, the prima donnas do not

wear diamond tiaras, and no statisti-

cians as yet calculated how much they

are paid per note. Such dress indeed

as notoriety may appeal to them later,

but at present they are happy in the

voices that God has given them. That

is enough, and it is their commanding

charm. They love to sing, and all who

have had the chance, have apparently

loved to listen to them.

The intense enthusiasm of these artists,

their complete abandonment to their art,

is naturally contagious. It is, indeed, fre-
